OVID HMS

OVID HMS is a software platform built on the SaaS model for healthcare institutions and related entities. It caters to the needs of players of all sizes. It was built with one goal in mind to provide a single and easy to use comprehensive software for the entire organisation while keeping it simple. All the modules are well knit and carefully planned for use in small as well as big entities.

OVID HMS is a mature software which keeps evolving daily so that we cater to new customer requests. Also, all customers get the daily improvements at no extra cost.

**OVID
HMS**

The OVID HMS user only sees what is really needed for his role. So, for everyone the app seems to be simple and easy to learn and start using. OVID HMS can be used in the remote areas also using Mobile Data without Braodband. It can be easily accessed 24 x 7 from anywhere using just a browser or a Smartphone App.

hms.ovid.in

ovid.in

OVID HMS

All the data in OVID HMS is readily available and Live all the time. It can be seen and downloaded or printed using the in-built options.

Many a times we see that the PC or Laptop crashes and you get the blue screen of death. It means your hard disk is corrupt. And many other times you see your system is hacked or attacked by a virus. So in all these cases you lose the entire data on your hard disk. That's why OVID HMS is online cloud based software. Even if you are on a Medical Camp or attending a seminar in some other city, you can keep a watch on your business right out of your smartphone or Laptop or Tab or iPad. Even if your device crashes , you can just rebuild it or get a new one without any loss of data.

hms.ovid.in

+91-8522901661

ovid.in

**OVID
HMS**

And about charges for using OVID HMS, we charge an annual fees for OVID HMS for a continued service round the clock throughout the year and every year. The charges vary based on the nature , size of the Establishment and number of locations/branches. We ask you for the payment only after you are satisfied with our OVID HMS software during the initial trial period. It is a hassle free , zero commitment trial period without any credit card or pre payment details.

hms.ovid.in

+91-8522901661

ovid.in

**OVID
HMS**

OVID HMS was built to make sure that Healthcare related entities can be run by Doctors without any knowledge of how to run an Organisation or how to run a business. The software guides you through every process and does hand holding for you. It makes sure that you are in the right direction, efficient and profitable. You don't need to do an MBA to run a Hospital. You focus on the practice while we help with the business.

Best part of OVID HMS is you can start small and then expand its usage as your business/organisation grows.

SCREENSHOTS

The screenshot shows the 'Search Appointments' interface. On the left is a sidebar with the user profile 'VIJAY ACCOUNTANT,ADMI' and a 'Logout' button. Below the profile are navigation options: My Appointments, Appointments, Search, Book, Fav Diagnosis, Fav Treatment, Fav ChiefComplaints, Doctors, Patients, Medicines, Attendance, and Business. The main content area has a header with 'OVID HOSPITALS' and a user dropdown. The search form includes fields for Appointment No., dates (24-10-2019), Select Branch, Select Specialist, Select Doctor, Patient Id, Patient Name, and Mobile No. There are 'Search' and 'Reset' buttons. Below the form is a table with columns: View Appointment Details, Patient Waiting In Lobby, Re schedule, No Show, Cancel, Lab Order, Payment Details, Payment History, Appt. Id, Status, Appt. Type, Patient Id, Patient Name, Appt. Date, Appt. Start Time, Appt. End Time, Mobile Number, Alt. Mobile Number, and Email. At the bottom, there is a copyright notice for OVID Technologies Private Limited and a note about browser compatibility.

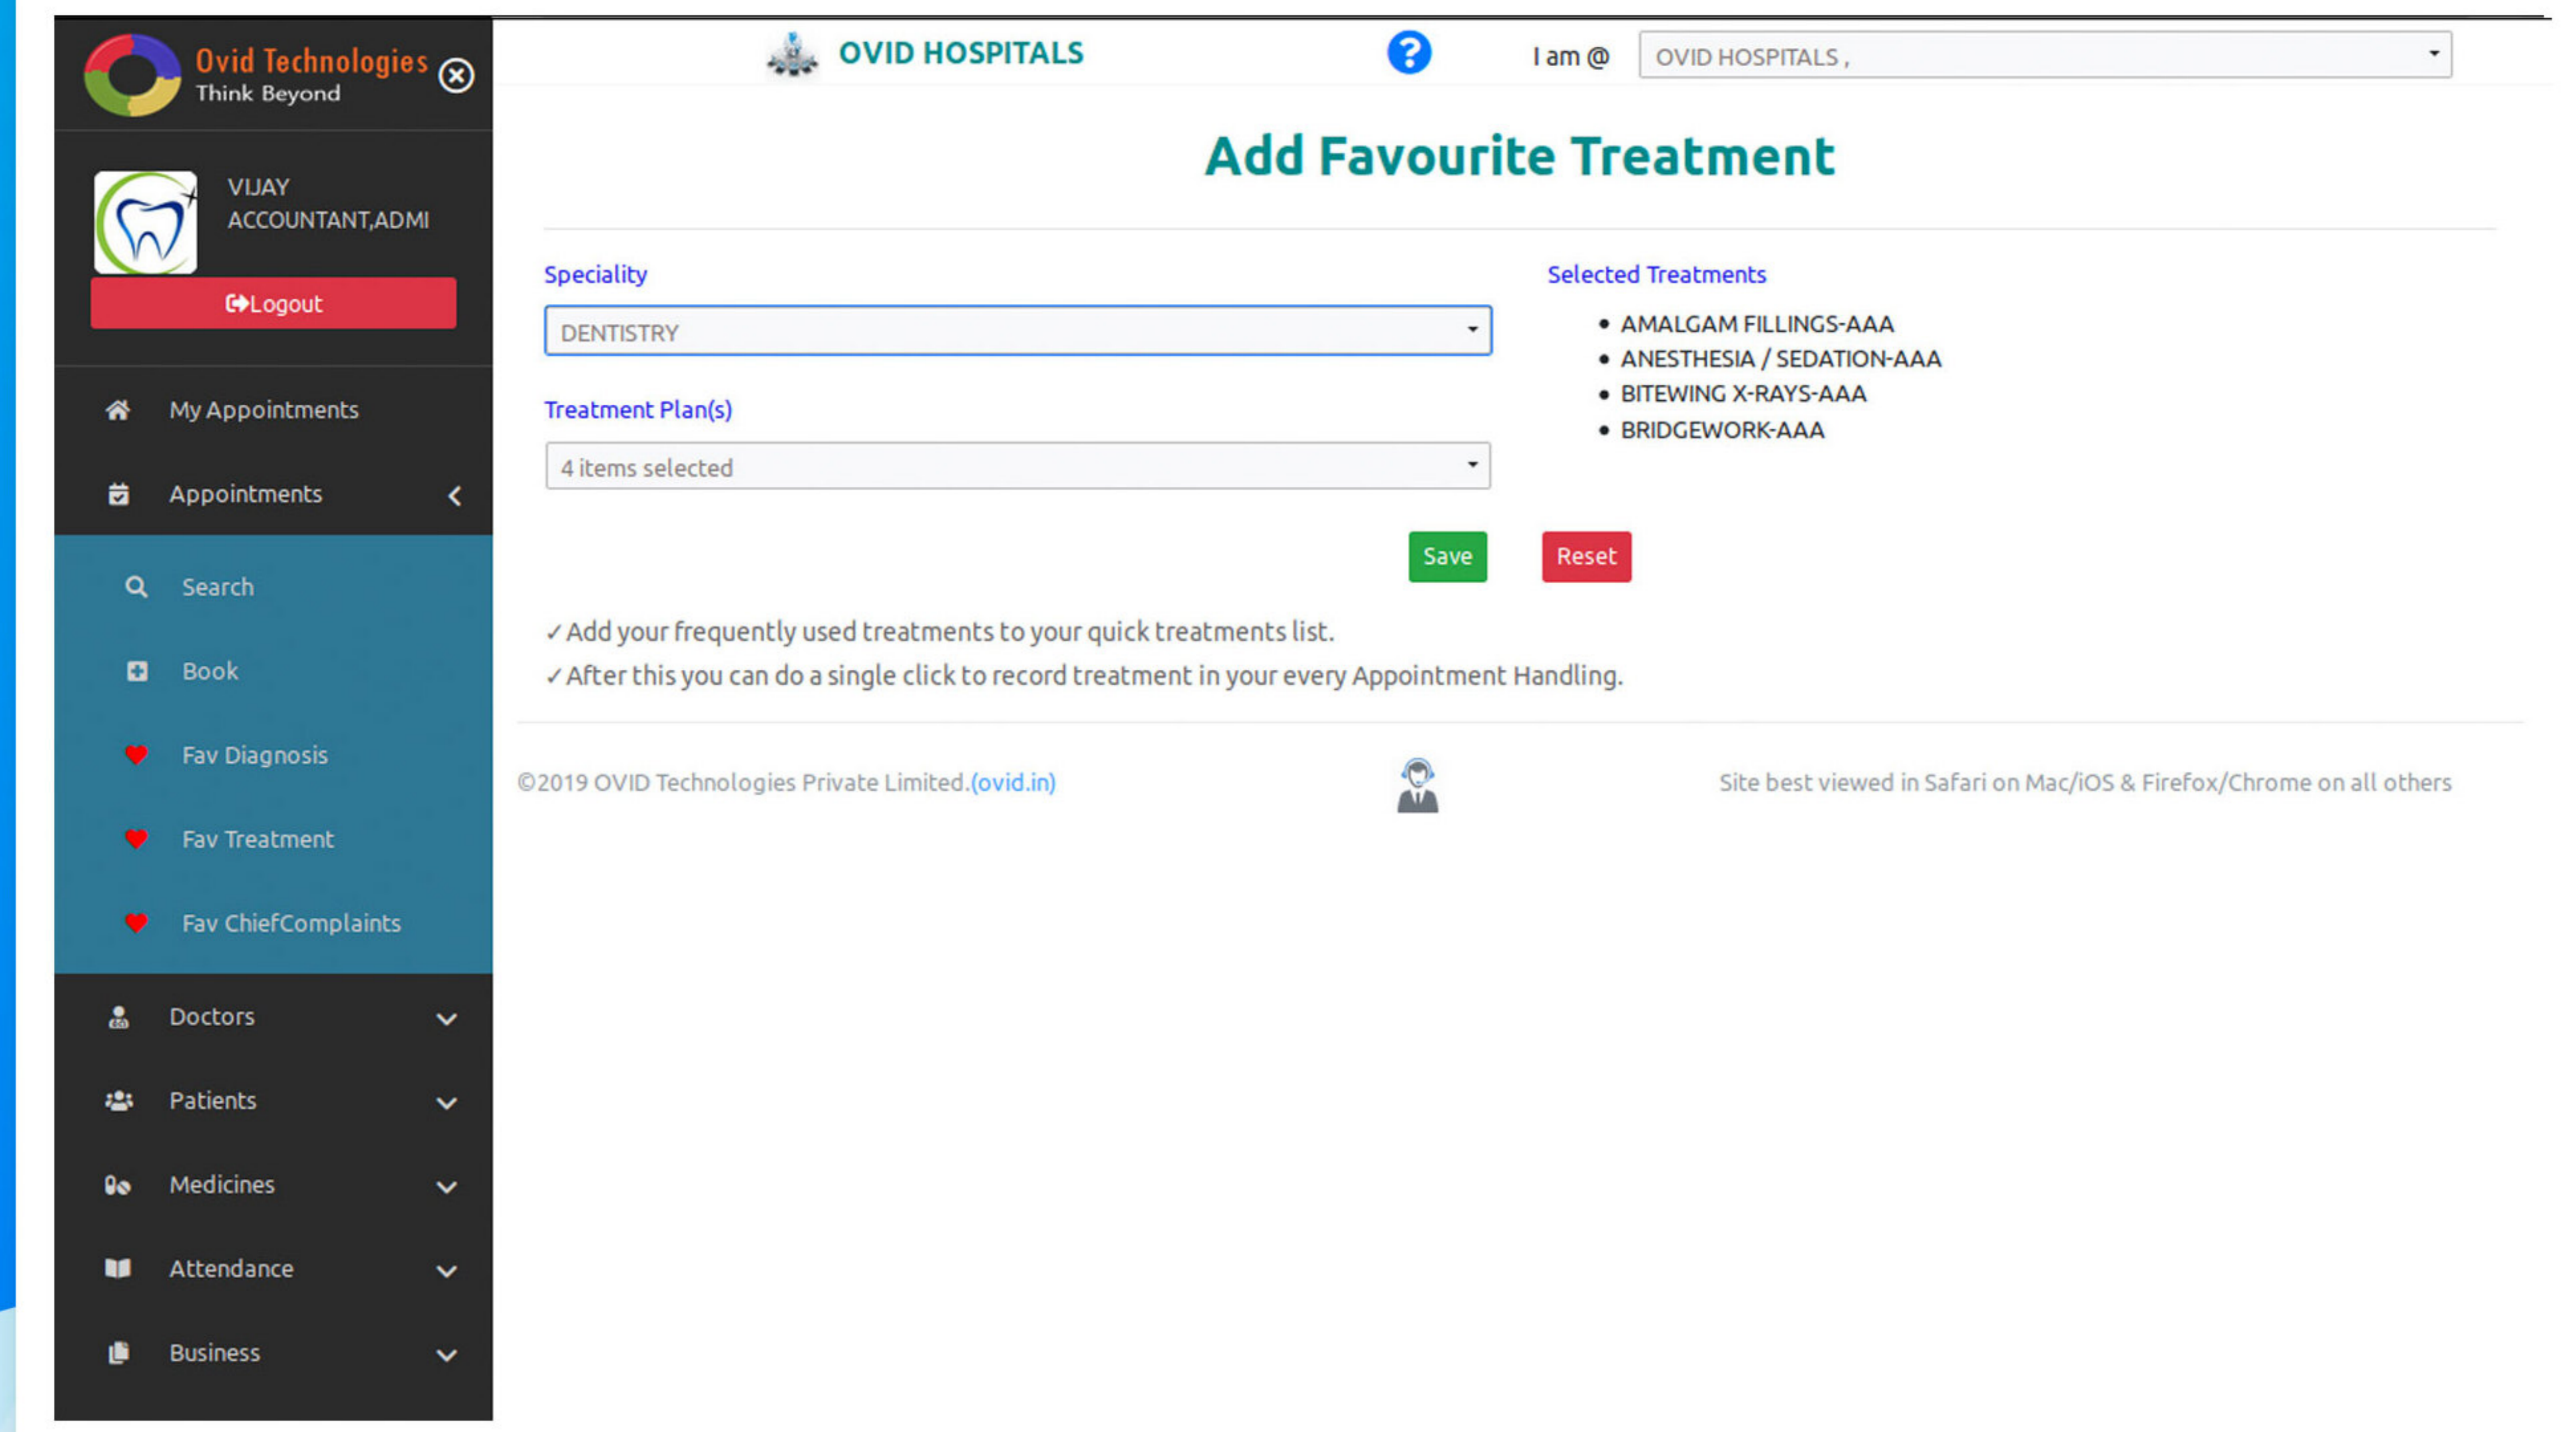

This screenshot shows an 'Appointment confirmation' dialog box overlaid on the calendar view. The dialog box contains the text 'Appointment booked Successfully. Appointment Id is :1227' and two buttons: 'Go To My Appointments' and 'Handle This New Appointment'. The background shows the 'Book Appointment' form with fields for 'DENTIST' (158), a time slot (04:29 pm - 04:44 pm), and a 'Send appointment details by SMS to patient?' checkbox. Below the form is a calendar for 'Oct 24 - 30, 2019'. The calendar grid shows slots for 'all-day', '8am', '8:30am', '9am', '9:30am', '10am', '10:30am', '11am', '11:30am', '12pm', and '12:30pm'. Two appointments are visible: '08:50 am - KAMLESH' and '09:52 am - VIJAY'.

SCREENSHOTS

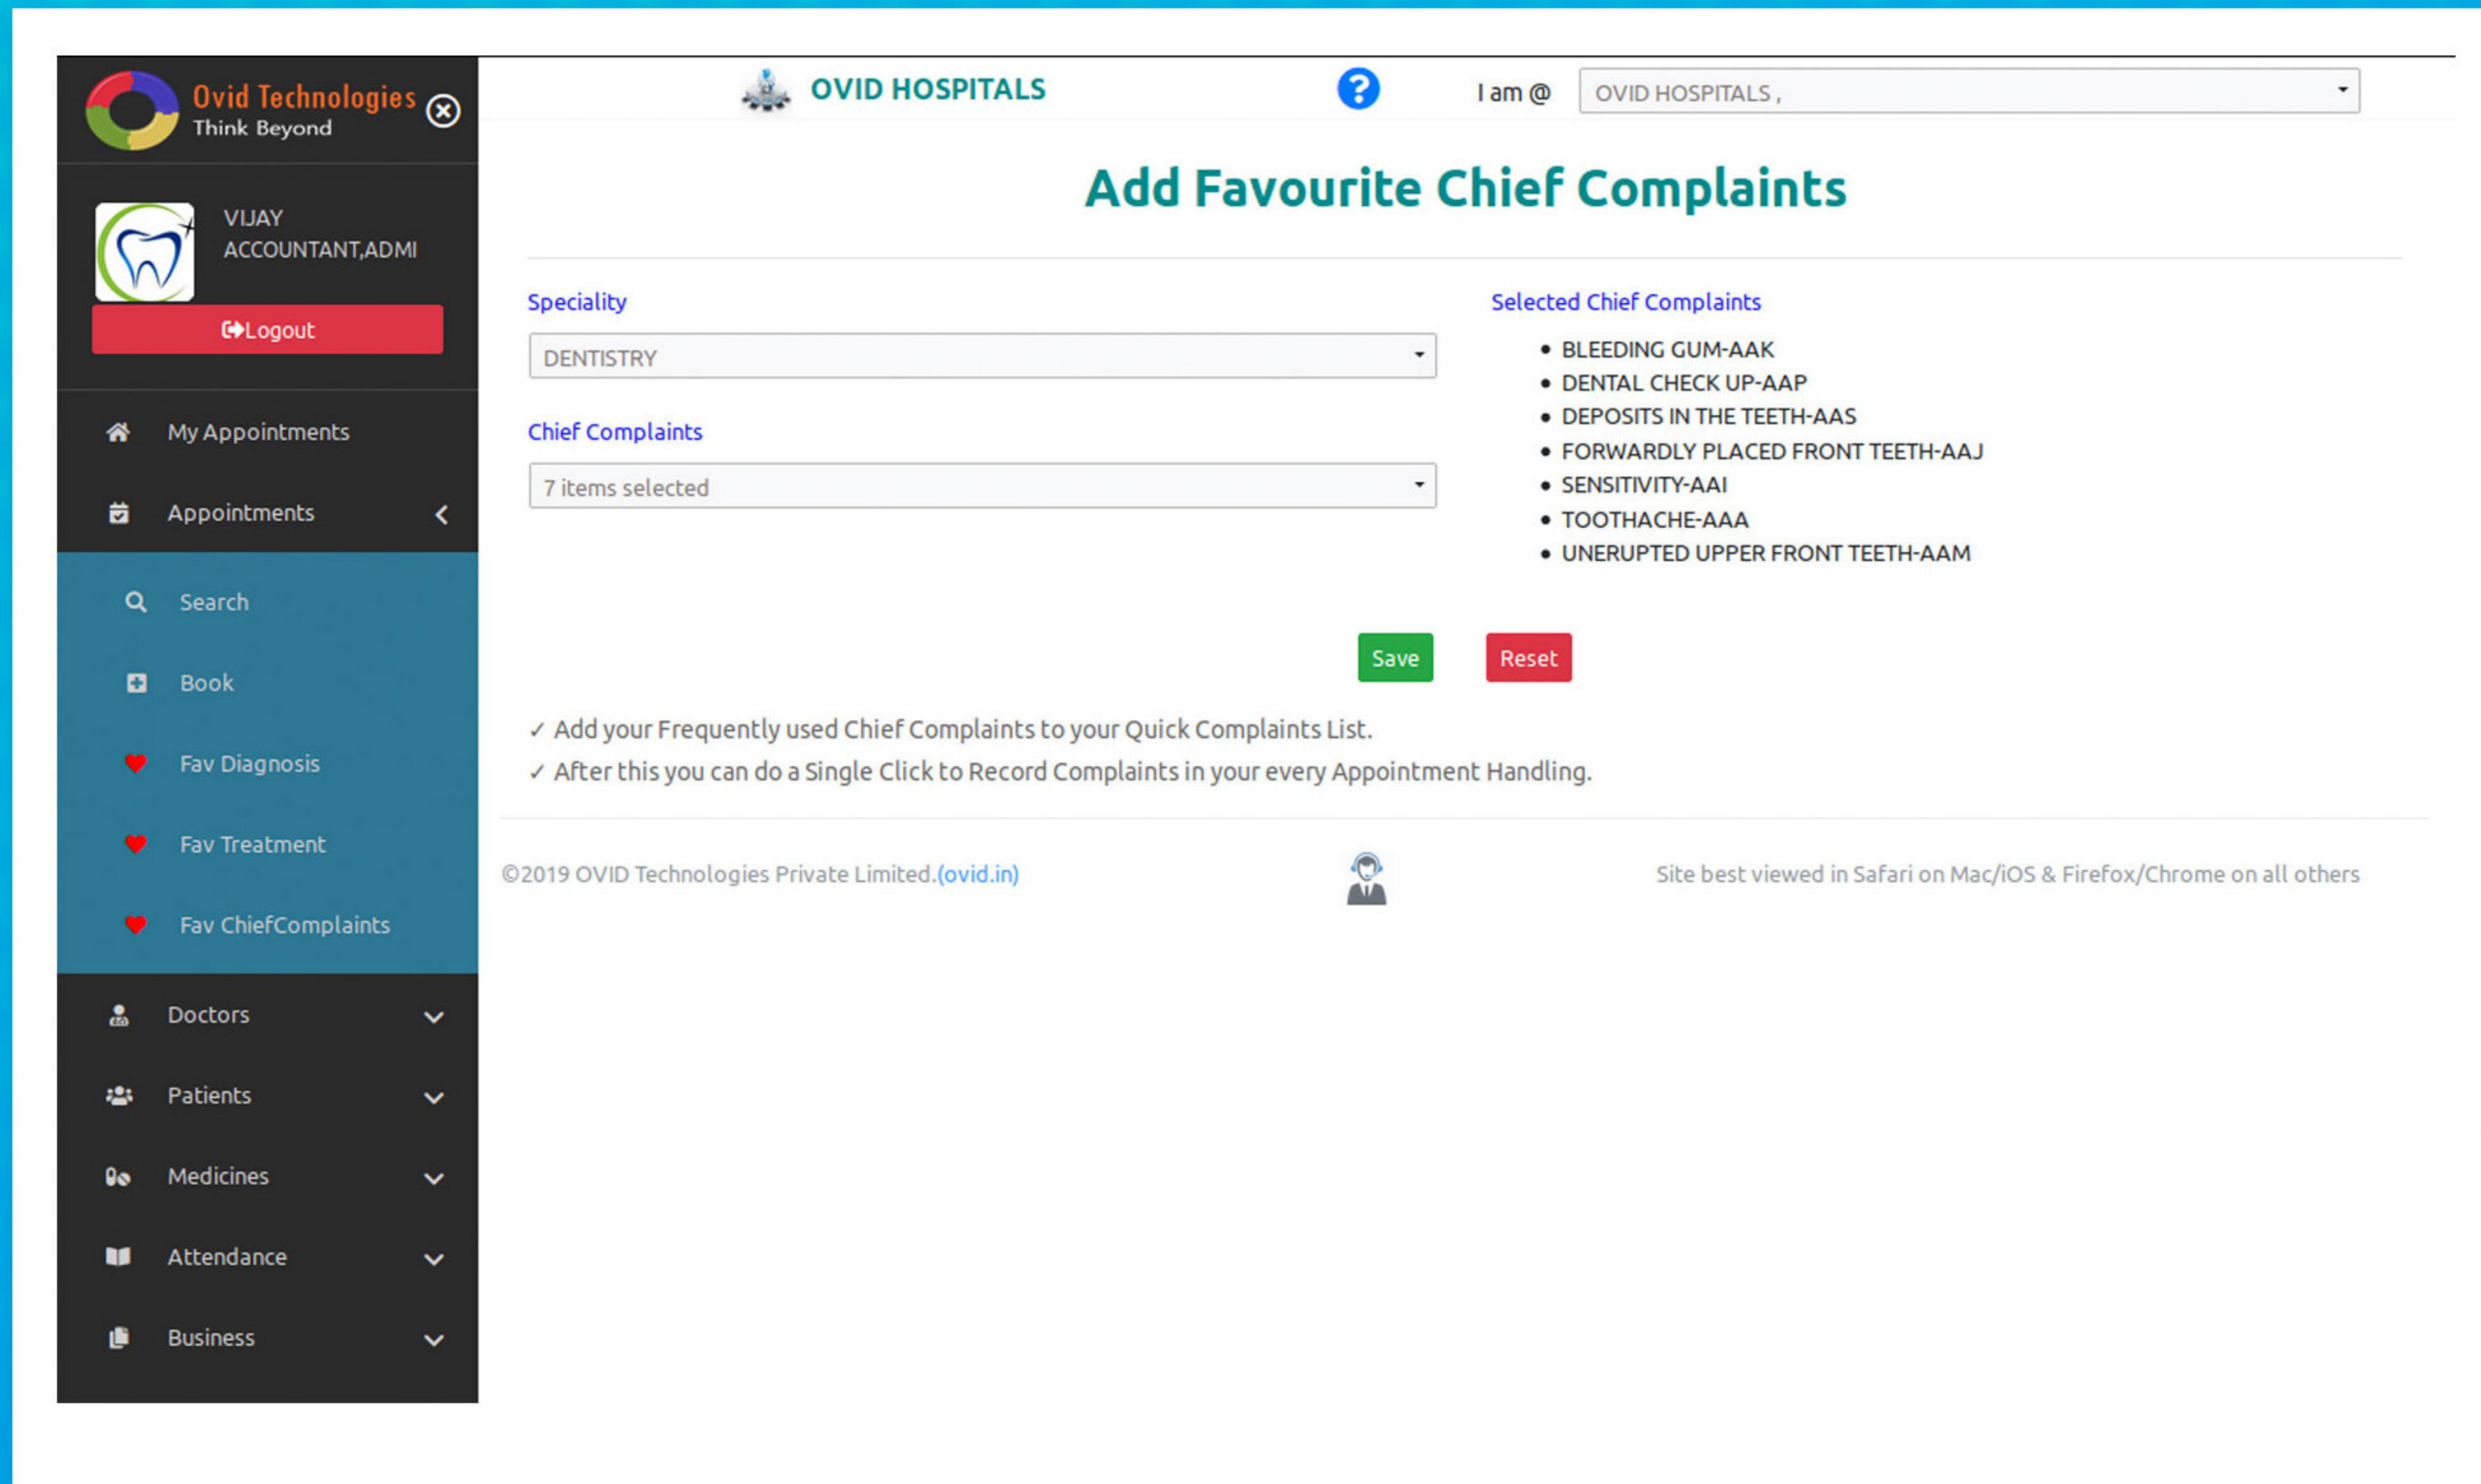

The screenshot displays the 'Add Favourite Diagnosis' page within the OVID HMS application. The interface includes a sidebar menu on the left with options like 'My Appointments', 'Appointments', 'Search', 'Book', 'Fav Diagnosis', 'Fav Treatment', 'Fav ChiefComplaints', 'Doctors', 'Patients', 'Medicines', 'Attendance', and 'Business'. The main content area features a header with 'OVID HOSPITALS' and a user dropdown menu. The title 'Add Favourite Diagnosis' is prominently displayed. Below the title, there are two dropdown menus: 'Speciality' (set to 'DENTISTRY') and 'Diagnosis' (showing '12 items selected'). To the right, a list of 'Selected Diagnosis' items is shown, including 'ABSCESS-AAA', 'ACID EROSION-AA1', 'ANIMAL BITE-AA2', 'BRUXISM-AA3', 'CANDIDIASIS-AA4', 'CANKER SORE-AA5', 'CLEFT LIP AND CLEFT PALATE-AA6', 'CRACKED TOOTH SYNDROME-AA7', 'DENTAL ABSCESS-AA8', 'DENTAL CALCULUS-AA9', 'DENTAL FLUOROSIS-AB1', and 'DENTAL PLAQUE-AB2'. At the bottom of the form, there are 'Save' and 'Reset' buttons. Below the form, there are two checkmarks indicating that frequently used diagnoses can be added to a quick diagnosis list for single-click recording. The footer contains copyright information for OVID Technologies Private Limited and a note about browser compatibility.

The screenshot displays the 'Add Favourite Treatment' page within the OVID HMS application. The interface is similar to the previous screenshot, with a sidebar menu on the left. The main content area features a header with 'OVID HOSPITALS' and a user dropdown menu. The title 'Add Favourite Treatment' is prominently displayed. Below the title, there are two dropdown menus: 'Speciality' (set to 'DENTISTRY') and 'Treatment Plan(s)' (showing '4 items selected'). To the right, a list of 'Selected Treatments' items is shown, including 'AMALGAM FILLINGS-AAA', 'ANESTHESIA / SEDATION-AAA', 'BITEWING X-RAYS-AAA', and 'BRIDGEWORK-AAA'. At the bottom of the form, there are 'Save' and 'Reset' buttons. Below the form, there are two checkmarks indicating that frequently used treatments can be added to a quick treatments list for single-click recording. The footer contains copyright information for OVID Technologies Private Limited and a note about browser compatibility.
